

Draft for discussion

Presentation for Meeting on Monday
11th February 2013

Proposed Development Workshop

- The Way Forward

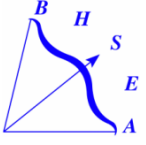

Our Strengths

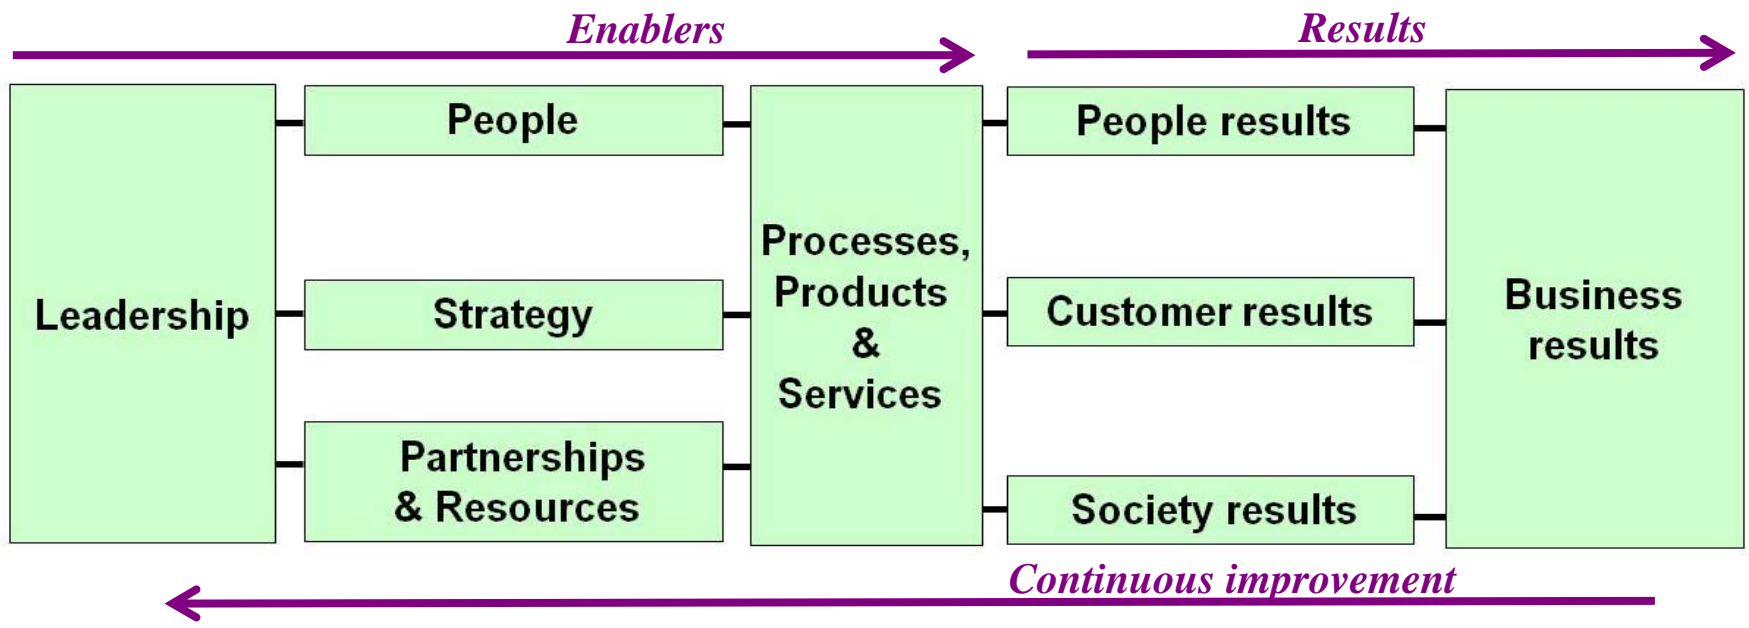

- Strong tradition and long history
- A good reputation – well recognised and well regarded
- Many dedicated volunteers (Council and Management)
- Significant secretarial input/support
- Well established annual programme – monthly meetings etc
- A wide range of partners and contacts
- Support from HSE/senior HSE
- A apparent core of regular attendees/members.
- Construction Committee – events for construction members

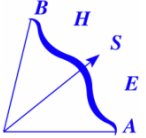

However:

Opportunities for improvement and growth

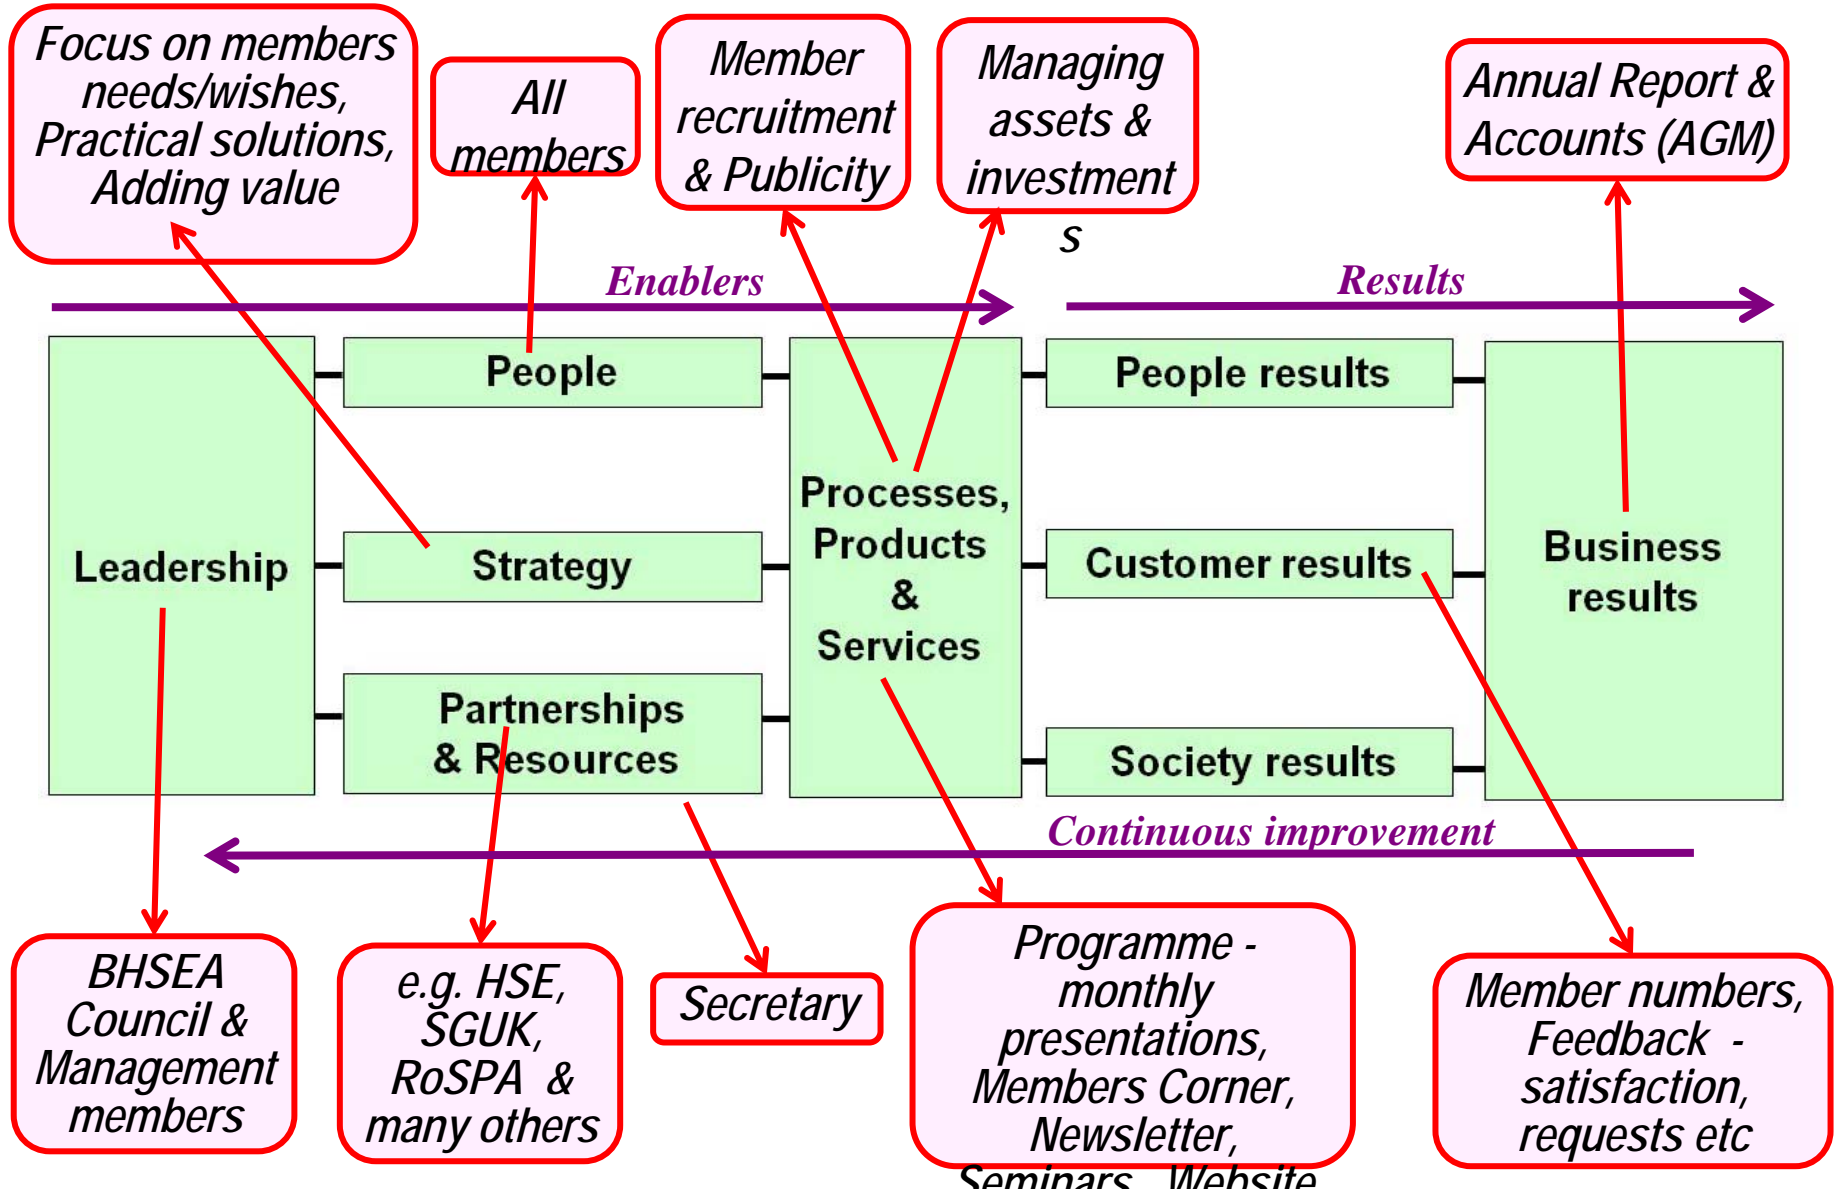

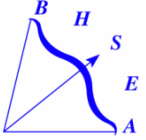

A Framework for Excellence/Improvement EFQM Model

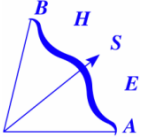

A Framework for Excellence/Improvement EFQM Model

Draft Outline Workshop Programme

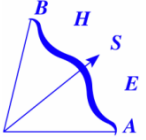

- Where are we now?
- Where do we – our members - want to be?
- How do we get there?

Where are we now?

- *Sharing, Learning and Improving*

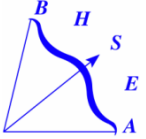

- How important is learning, sharing and improving?
- What do you/your organisation do to share, learn and improve?
- What BHSEA events etc have helped and how?
- What concerns if any do you have about BHSEA?
-

Where do we want to be?

- What else could we do or do better?

- Have you experienced or attended something really good which BHSEA could do or learn from?
- Is there anything that BHSEA could do that is not done or not done well by others?
- Are there any key topics we have not covered or covered well enough in our annual programme(s)?
-

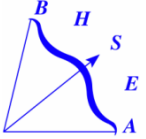

How do we get there?

- *Enablers to drive improvement*

- **Leadership** - what can leaders (you) do to help?
- **Members** – what can members do to help?
- Are there other **partnership** opportunities we should explore?
- What are the key **processes** to help us achieve our aims?
- Anything else?
-

Note: *It may help to use the Excellence model as a prompt to various enablers or results issues/opportunities.*

Next Steps

- Organise **workshop** for Council/Management & others
- Get **input/views from members** – questionnaire etc
- Contact some **members to participate** in workshop
- Consider possible **other participants**
